1. Award Conditions - Stebbins Bulk Fuel Facility

***Award Conditions to the Financial Assistance Award
Between the Denali Commission and Alaska Village Electric Cooperative
For Stebbins Bulk Fuel Facility
Award No. 01303
August 2010***

1. Scope of Work

This award of \$7,461,000 will provide for design and construction of a new bulk fuel facility in Stebbins, Alaska. Match funding in the amount of \$360,000 will be provided by Alaska Village Electric Cooperative (AVEC). Currently, expenditures of up to \$401,621 are authorized to complete the design. These funds will be matched by \$19,379 from AVEC – making the design cost total \$422,000. Once design is complete, final construction cost estimates will be known and further expenditures can be incurred upon Denali Commission approval. This will require an amendment to this grant.

The award will provide for design and construction of up to 860,000 gallons of code-compliant bulk fuel storage for diesel fuel and gasoline, underground fill and distribution pipelines, a marine header, and three dispensing stations. The project participants include AVEC, the City of Stebbins (the local municipal government), the Bering Strait School District, and two fuel resellers: Tapraq Fuel Company (a business entity of the Stebbins Native Corporation, an ANCSA corporation) and the Ferris General Store (a private enterprise). It is anticipated that the AVEC facilities will also serve the residents of nearby Saint Michael, Alaska by fueling a future power plant in Stebbins that would provide electric power to both communities through a planned transmission intertie.

All Commission funding is intended for use for the scope of work identified in the Award document only. Any balance of funds remaining after the full scope of work has been completed will be returned to the Denali Commission.

2. Milestones

The following milestones are identified as the major steps to be completed as part of the project. “Planned” dates for the first milestone are included here. As part of each progress report, recipients shall update the progress toward meeting these milestones (see section 7, Reporting).
